

UNLIMIT YOUR POTENTIAL WITH A MODERN WORKPLACE.

Microsoft Teams offers your business a complete collaboration and communications solution; bringing together your people, conversations and content.

Discover your Modern Workplace with Microsoft Teams

Your go-to Microsoft partner; Lexel delivers, integrates and supports all aspects of Microsoft Teams, including:

- > **Calling & Meetings**
- > **Adoption & Change Management**
- > **Custom Solutions & Integration**

No matter where your organisation is at on your modern workplace journey, the experienced and award-winning team at Lexel is available to ensure your business can 'unleash the new possible' smoothly, with great results.

Assess & Plan

Teams assessment. Gauge how your business can improve teamwork whilst delivering enhanced security. Ask for a Microsoft Teamwork Assessment.

Planning. Making the right decisions for your business, the first time. Evaluate the true cost of Microsoft Teams and gain a deep understanding of how it can benefit your business.

Software licensing. Advice, guidance and procurement from some of New Zealand's most experienced Microsoft software licensing experts.

Upgrade from legacy systems. As use cases create the desire to migrate to Microsoft Teams, whether from Skype or another legacy system.

Deploy & Succeed

Migration. Tailored for your organisation, industry best practices are incorporated as part of your Microsoft Teams project.

User adoption. Lexel deliver a great user experience and increased business value, through a structured and user-centric approach to adoption.

Global deployments. Geography is no barrier to Microsoft Teams deployments (including management of global telco access).

Devices. Get help choosing the right Teams devices for an optimised user experience, delivering reliable, high-quality voice and video.

Be Supported

Change management. Ensure user adoption and MS Teams satisfaction with our proven continuous improvement model.

Training. Customised end-user / role-based, admin and IT support training.

Proactive ongoing support. Avoid costly downtime and vendor finger-pointing through Lexel's managed services and support.

Field services. Microsoft Teams services and support on location with nationwide coverage.

Teams health. Monitor your user experience and quality, and plan for continued Teams innovation.

Helpdesk. Microsoft Teams helpdesk support.

Access the best in the business.

Lexel's experienced Unified Communications team in New Zealand includes two Microsoft MVPs.
